

Public Hearing

Cricket Valley Transmission Upgrade

The New York State Department of Public Service (DPS) has scheduled a public education and public statement hearing on Cricket Valley Energy Center's, LLC (CVE) Transmission Upgrade Project. This project plans to increase transmission capacity by funding and installing a transmission line inside the existing 14.6-mile Consolidated Edison right-of-way between the CVE generation facility in Dover and the Con Edison substation in Pleasant Valley.

Date: August 4, 2014

Time: 6:00 PM – 7:00 PM
Informational Forum

7:00 PM
Public Statement Hearing

Place: Pleasant Valley Town Hall
1554 Main Street
Pleasant Valley, NY 12569

Prior to the hearing, DPS will hold an Informational Forum to provide an overview of the Public Service Law certification process. Representatives of CVE will present a brief summary of the proposed project.

Complete details regarding the Public Hearing are included in a Public Notice available at www.cricketvalleytransmission.com

This project is not part of any of the following transmission line projects: *NY Transco Edic to Pleasant Valley; NEXTERA New Scotland to Pleasant Valley; North American Transmission; or Boundless Energy Transmission.*
